The Notes will be initially issued in the form of separate single authenticated fully registered bonds in the amount of each stated maturity of the Notes. Upon initial issuance, the ownership of the Notes will be registered in the registry books of the UMB Bank, N.A. kept by the Paying Agent and Registrar in the name of Cede & Co., as nominee of DTC. The Paying Agent and Registrar and the Issuer may treat DTC (or its nominee) as the sole and exclusive owner of the Notes registered in its name for the purposes of payment of the principal or redemption price of or interest on the Notes, selecting the Notes or portions to be redeemed, giving any notice permitted or required to be given to registered owners of Notes under the Resolution of the Issuer, registering the transfer of Notes, obtaining any consent or other action to be taken by registered owners of the Notes and for other purposes. The Paying Agent, Registrar and the Issuer have no responsibility or obligation to any Participant or Beneficial Owner of the Notes under or through DTC with respect to the accuracy of records maintained by DTC or any Participant; with respect to the payment by DTC or Participant of an amount of principal or redemption price of or interest on the Notes; with respect to any notice given to owners of Notes under the Resolution; with respect to the Participant(s) selected to receive payment in the event of a partial redemption of the Notes, or a consent given or other action taken by DTC as registered owner of the Notes. The Paying Agent and Registrar shall pay all principal of and premium, if any, and interest on the Notes only to Cede & Co. in accordance with the Representation Letter, and all payments are valid and effective to fully satisfy and discharge the Issuer's obligations with respect to the principal of and premium, if any, and interest on the Notes to the extent of the sum paid. DTC must receive an authenticated Bond for each separate stated maturity evidencing the obligation of the Issuer to make payments of principal of and premium, if any, and interest. Upon delivery by DTC to the Paying Agent and Registrar of written notice that DTC has determined to substitute a new nominee in place of Cede & Co., the Notes will be transferable to the new nominee in accordance with this Section.

In the event the Issuer determines that it is in the best interest of the Beneficial Owners that they be able to obtain Notes certificates, the Issuer may notify DTC and the Paying Agent and Registrar, whereupon DTC will notify the Participants, of the availability through DTC of Notes certificates. The Notes will be transferable in accordance with this Section. DTC may determine to discontinue providing its services with respect to the Notes at any time by giving notice to the Issuer and the Paying Agent and Registrar and discharging its responsibilities under applicable law. In this event, the Notes will be transferable in accordance with this Section.

Notwithstanding any other provision of the Resolution to the contrary, so long as any Note is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on the Note and all notices must be made and given, respectively to DTC as provided in the Representation letter.

In connection with any notice or other communication to be provided to Noteholders by the Issuer or the Paying Agent and Registrar with respect to a consent or other action to be taken by Noteholders, the Issuer or the Paying Agent and Registrar, as the case may be, shall establish a record date for the consent or other action and give DTC notice of the record date not less than 15 calendar days in advance of the record date to the extent possible. Notice to DTC must be given only when DTC is the sole Noteholder.

The Representation Letter is on file with DTC and sets forth certain matters with respect to, among other things, notices, consents and approvals by Noteholders and payments on the Notes. The execution and delivery of the Representation Letter to DTC by the Issuer is ratified and confirmed.

In the event that a transfer or exchange of the Notes is permitted under this Section, the transfer or exchange may be accomplished upon receipt by the Registrar from the registered owners of the Notes to be transferred or exchanged and appropriate instruments of transfer. In the event Note certificates are issued to holders other than Cede & Co., its successor as nominee for DTC as holder of all the Notes, or other securities depository as holder of all the Notes, the provisions of the Resolution apply to, among other things, the printing of certificates and the method or payment of principal of and interest on the certificates. Any substitute depository shall be designated in writing by the Issuer to the Paying Agent. Any such substitute depository shall be a qualified and registered "clearing agency" as provided in Section 17A of the Securities Exchange Act of 1934, as amended. The substitute depository shall provide for (i) immobilization of the Depository Notes, (ii) registration and transfer of interests in Depository Notes by book entries made on records of the depository or its nominee and (iii) payment of principal of, premium, if any, and interest on the Notes in accordance with and as such interests may appear with respect to such book entries.

The officers of the Issuer are authorized and directed to prepare and furnish to the purchaser, and to the attorneys approving the legality of Notes, certified copies of proceedings, ordinances, resolutions and records and all certificates and affidavits and other

instruments as may be required to evidence the legality and marketability of the Notes, and all certified copies, certificates, affidavits and other instruments constitute representations of the Issuer as to the correctness of all stated or recited facts.

Registration of Notes; Appointment of Registrar; Transfer; Ownership; Delivery; and Cancellation.

Registration. The ownership of Notes may be transferred only by the making of an entry upon the books kept for the registration and transfer of ownership of the Notes, and in no other way. UMB Bank, N.A. is hereby appointed as Note Registrar under the terms of this Resolution and under the provisions of a separate agreement with the Issuer filed herewith which is made a part hereof by this reference. Registrar shall maintain the books of the Issuer for the registration of ownership of the Notes for the payment of principal of and interest on the Notes as provided in this Resolution. All Notes shall be negotiable as provided in Article 8 of the Uniform Commercial Code and Section 331.446 of the Code of Iowa, subject to the provisions for registration and transfer contained in the Notes and in this Resolution.

Transfer. The ownership of any Note may be transferred only upon the Registration Books kept for the registration and transfer of Notes and only upon surrender thereof at the office of the Registrar together with an assignment duly executed by the holder or his duly authorized attorney in fact in such form as shall be satisfactory to the Registrar, along with the address and social security number or federal employer identification number of such transferee (or, if registration is to be made in the name of multiple individuals, of all such transferees). In the event that the address of the registered owner of a Note (other than a registered owner which is the nominee of the broker or dealer in question) is that of a broker or dealer, there must be disclosed on the Registration Books the information pertaining to the registered owner required above. Upon the transfer of any such Note, a new fully registered Note, of any denomination or denominations permitted by this Resolution in aggregate principal amount equal to the unmatured and unredeemed principal amount of such transferred fully registered Note, and bearing interest at the same rate and maturing on the same date or dates shall be delivered by the Registrar.

Registration of Transferred Notes. In all cases of the transfer of the Notes, the Registrar shall register, at the earliest practicable time, on the Registration Books, the Notes, in accordance with the provisions of this Resolution.

Ownership. As to any Note, the person in whose name the ownership of the same shall be registered on the Registration Books of the Registrar shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of any such Notes and the premium, if any, and interest thereon shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note, including the interest thereon, to the extent of the sum or sums so paid.

Cancellation. All Notes which have been redeemed shall not be reissued but shall be cancelled by the Registrar. All Notes which are cancelled by the Registrar shall be destroyed and a certificate of the destruction thereof shall be furnished promptly to the Issuer; provided that if the Issuer shall so direct, the Registrar shall forward the cancelled Notes to the Issuer.

Non-Presentation of Notes. In the event any payment check representing payment of principal of or interest on the Notes is returned to the Paying Agent or if any note is not presented for payment of principal at the maturity or redemption date, if funds sufficient to pay such principal of or interest on Notes shall have been made available to the Paying Agent for the benefit of the owner thereof, all liability of the Issuer to the owner thereof for such interest or payment of such Notes shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Paying Agent to hold such funds, without liability for interest thereon, for the benefit of the owner of such Notes who shall thereafter be restricted exclusively to such funds for any claim of whatever nature on his part under this Resolution or on, or with respect to, such interest or Notes. The Paying Agent's obligation to hold such funds shall continue for a period equal to two years and six months following the date on which such interest or principal became due, whether at maturity, or at the date fixed for redemption thereof, or otherwise, at which time the Paying Agent, shall surrender any remaining funds so held to the Issuer, whereupon any claim under this Resolution by the Owners of such interest or Notes of whatever nature shall be made upon the Issuer.

Registration and Transfer Fees. The Registrar may furnish to each owner, at the Issuer's expense, one note for each annual maturity. The Registrar shall furnish additional Notes in lesser denominations (but not less than the minimum denomination) to an owner who so requests.

Reissuance of Mutilated, Destroyed, Stolen or Lost Notes. In case any outstanding Note shall become mutilated or be destroyed, stolen or lost, the Issuer shall at the request of Registrar authenticate and deliver a new Note of like tenor and amount as the Note so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Note to Registrar, upon surrender of such mutilated Note, or in lieu of and substitution for the Note destroyed, stolen or lost, upon filing with the Registrar evidence satisfactory to the Registrar and Issuer that such Note has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the

Registrar and Issuer with satisfactory indemnity and complying with such other reasonable regulations as the Issuer or its agent may prescribe and paying such expenses as the Issuer may incur in connection therewith.

Record Date. Payments of principal and interest, otherwise than upon full redemption, made in respect of any Note, shall be made to the registered holder thereof or to their designated agent as the same appear on the books of the Registrar on the 15th day of the month preceding the payment date. All such payments shall fully discharge the obligations of the Issuer in respect of such Notes to the extent of the payments so made. Upon receipt of the final payment of principal, the holder of the Note shall surrender the Note to the Paying Agent.

Execution, Authentication and Delivery of the Notes. Upon the adoption of this Resolution, the Chairperson and Auditor shall execute the Notes by their manual or authorized signature and deliver the Notes to the Registrar, who shall authenticate the Notes and deliver the same to or upon order of the Purchaser. No Note shall be valid or obligatory for any purpose or shall be entitled to any right or benefit hereunder unless the Registrar shall duly endorse and execute on such Note a Certificate of Authentication substantially in the form of the Certificate herein set forth. Such Certificate upon any Note executed on behalf of the Issuer shall be conclusive evidence that the Note so authenticated has been duly issued under this Resolution and that the holder thereof is entitled to the benefits of this Resolution.

No Notes shall be authenticated and delivered by the Registrar unless and until there shall have been provided the following:

1. A certified copy of the resolution of Issuer approving the execution of a Loan Agreement and a copy of the Loan Agreement;

Contract Between Issuer and Purchaser. This Resolution constitutes a contract between said County and the purchaser of the Notes.

Non-Arbitrage Covenants. The Issuer reasonably expects and covenants that no use will be made of the proceeds from the issuance and sale of the Notes issued hereunder which will cause any of the Notes to be classified as arbitrage notes within the meaning of Sections 148(a) and (b) of the Internal Revenue Code of the United States, as amended, and that throughout the term of the Notes it will comply with the requirements of statutes and regulations issued thereunder.

To the best knowledge and belief of the Issuer, there are no facts or circumstances that would materially change the foregoing statements or the conclusion that it is not expected that the proceeds of the Notes will be used in a manner that would cause the Notes to be arbitrage notes.

The form of Continuing Disclosure Certificate is approved. Notwithstanding any other provision of this Resolution, failure of the Issuer to comply with the Continuing Disclosure Certificate shall not be considered an event of default under this Resolution; however, any holder of the Notes or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking specific performance by court order, to cause the Issuer to comply with its obligations under the Continuing Disclosure Certificate. For purposes of this section, "Beneficial Owner" means any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Note (including persons holding Notes through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Notes for federal income tax purposes.

Amendment of Resolution to Maintain Tax Exemption. This Resolution may be amended without the consent of any owner of the Notes if, in the opinion of Bond Counsel, such amendment is necessary to maintain tax exemption with respect to the Notes under applicable Federal law or regulations.

That the findings and conclusions set forth or contained in the proposed "Prairie Ridge Urban Renewal Plan" for the area of Marion, State of Iowa, legally described and depicted in the Plan and incorporated herein by reference (which area shall hereinafter be known as the "Prairie Ridge Urban Renewal Area"), be and the same are hereby adopted and approved as the findings of this Board for this area.

This Board further finds:

Although relocation is not expected, a feasible method exists for the relocation of any families who will be displaced from the Urban Renewal Area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families;

The Urban Renewal Plan conforms to the general plan for the development of the County as a whole; and

Acquisition by the County is not immediately expected, however, as to any areas of open land to be acquired by the County included within the Urban Renewal Area:

Residential use is expected and with reference to those portions thereof which are to be developed for residential uses, this Board of Supervisors hereby determines that a shortage of housing of sound standards and design with decency, safety and sanitation exists within the County; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

That conditions of blight in the municipality and the shortage of decent, safe and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.

The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

Non-residential use is not expected, however, with reference to any portions thereof which are to be developed for non-residential uses, such non-residential uses are necessary and appropriate to facilitate the proper growth and development of the County in accordance with sound planning standards and local community objectives.

That the Urban Renewal Area is an economic development area within the meaning of Chapter 403, Code of Iowa; that such area is eligible for designation as an urban renewal area and otherwise meets all requisites under the provisions of Chapter 403, Code of Iowa; and that the rehabilitation, conservation, redevelopment, development, or a combination thereof, of such area is necessary in the interest of the public health, safety or welfare of the residents of this County.

That the Urban Renewal Plan, attached hereto as Exhibit 1 and incorporated herein by reference, be and the same is hereby approved and adopted as the "Prairie Ridge Urban Renewal Plan for the Prairie Ridge Urban Renewal Area"; the Urban Renewal Plan and all exhibits thereto for such area are hereby in all respects approved; the Chairperson and County Auditor are authorized to execute the

Joint Agreement with the City of Pella and to approve the executed Agricultural Land Agreements; and the County Auditor is hereby directed to file a certified copy of the Urban Renewal Plan with the proceedings of this meeting.

That, notwithstanding any resolution, ordinance, plan, amendment or any other document, the Urban Renewal Plan shall be in full force and effect from the date of this Resolution until the Board amends or repeals the Plan. Said Urban Renewal Plan shall be forthwith certified by the County Auditor, along with a copy of this Resolution, to the Recorder for Marion County, Iowa, to be filed and recorded in the manner provided by law.

Prairie Ridge Urban Renewal Plan for the Prairie Ridge Urban Renewal Area Marion County, Iowa

A. Introduction

The Prairie Ridge Urban Renewal Plan ("Plan" or "Urban Renewal Plan") for the Prairie Ridge Urban Renewal Area ("Area" or "Urban Renewal Area") has been developed to help local officials respond to and promote economic development in Marion County, Iowa (the "County"). The primary goal of the Plan is to stimulate, through public involvement and commitment, private investment in new housing and residential development as defined in the Code of Iowa Section 403.17(12).

In order to achieve this objective, the County intends to undertake urban renewal activities pursuant to the powers granted to it under Chapter 403 and Chapter 15A of the Code of Iowa, as amended.

B. Description Of The Urban Renewal Area

The Urban Renewal Area is described in Exhibit "A" and illustrated in Exhibit "B." The Urban Renewal Area has never previously been subject to the division of revenue under Iowa Code 403.19 as a residential project.

The County reserves the right to modify the boundaries of the Area at some future date.

C. Area Designation

With the adoption of this Plan, the County designates this Urban Renewal Area as an economic development area that is appropriate for the provision of public improvements related to housing and residential development.

D. Base Value

If the Urban Renewal Area is legally established, a Tax Increment Financing (TIF) ordinance is adopted to establish a TIF district in the Area, and debt related to the Area is certified prior to December 1, 2020, the taxable valuation as of January 1, 2019, will be considered the frozen "base valuation" for the portion of the Urban Renewal Area identified in the TIF ordinance. If a TIF ordinance is not adopted until a later date, or debt is not first certified prior to December 1, 2020, the frozen "base value" will be the assessed value of the taxable property within that area covered by the TIF ordinance as of January 1 of the calendar year preceding the calendar year in which the County first certifies the amount of any debt related to the Area, in accordance with Iowa Code Section 403.19. It may be that more than one ordinance will be adopted on the separate subareas within the Area. If so, the frozen base values may vary among the subareas.

E. Development Plan

The County has a general plan for the physical development of the County as a whole, outlined in the Marion County Comprehensive Land Use Plan 2013. The goals and objectives identified in this Plan, and the urban renewal projects described herein, are in conformance with the goals and land use policies identified in the Comprehensive Plan.

This Urban Renewal Plan does not in any way replace the County's current land use planning or zoning regulation process.

The need, if any, for improved traffic, public transportation, public utilities, recreational and community facilities, or other public improvements within the Urban Renewal Area, is set forth in this Plan. As the Area develops, the need for public infrastructure extensions and upgrades will be evaluated and planned for by the County.

F. Residential Development

The County's objective for the Urban Renewal Area is to promote new housing and residential development. The County realizes that the availability of housing is an important component of attracting new business and industry, responding to new development, and retaining existing businesses.

When a county utilizes tax increment financing to support residential development (such support is limited to reimbursement of "public improvement" costs, as defined by Iowa law), a percentage of the incremental revenues (or other revenues) generated by the development must be used to provide assistance to low and moderate income (LMI) families. LMI families are those whose incomes do not exceed 80% of the median Marion County income.

Unless a reduction is approved by the Iowa Economic Development Authority, the amount of incremental revenues (or other revenues) to be provided for low and moderate income family housing in the municipality shall be either equal to or greater than the percentage of the original project costs (i.e., the amount of TIF funds used to reimburse infrastructure costs serving the housing development in the Area) that is equal to the percentage of LMI families living in Marion County. That percentage is currently 36.77%.

The requirement to provide assistance for LMI housing may be met by one, or a combination, of the following three options:

1. Providing that at least 36.77% of the units constructed are occupied by residents and/or families whose incomes are at or below 80% of the median county income;
2. Setting aside an amount equal to or greater than 36.77% of the project costs to be used for LMI housing activities; or
3. Ensuring that 36.77% of the houses constructed are priced at amounts affordable to LMI families.

If funds are set aside, as opposed to constructing a sufficient percentage of LMI housing, the type of assistance provided must benefit LMI residents and/or families and may include, but is not limited to:

1. Construction of LMI affordable housing.
2. Owner/renter-occupied housing rehabilitation for LMI residents and/or families.

3. Grants, credits, or other direct assistance for LMI residents and/or families.
4. Homeownership assistance for LMI residents and/or families.
5. Tenant-based rental assistance for LMI residents and/or families.
6. Down payment assistance for LMI residents and/or families.
7. Mortgage interest buy-down assistance for LMI residents and/or families.
8. Under appropriate circumstances, the construction of public improvements that benefit LMI residents and/or families.

G. Plan Objectives

Renewal activities are designed to provide opportunities, incentives, and sites for new residential development within the Area. More specific objectives for development within the Urban Renewal Area are as follows:

1. To increase the availability of housing opportunities, which may, in turn, attract and retain area industries and commercial enterprises that will strengthen and revitalize the economy of the State of Iowa and Marion County.
2. To stimulate, through public action and commitment, private investment in new housing and residential development and redevelopment. The County realizes that the availability of affordable, decent, safe, and sanitary housing is important to the overall economic viability of the community.
3. To plan for and provide sufficient land for residential development in a manner that is efficient from the standpoint of providing municipal services.
4. To help finance the cost of constructing public utility and infrastructure extensions and improvements in support of residential development.
5. To improve housing conditions and increase housing opportunities.
6. To provide a more marketable and attractive investment climate through the use of various federal, state, and local incentives.
7. To encourage residential growth and expansion through governmental policies which make it economically feasible to do business.
8. To encourage residential development that meets the needs of a growing population, while preserving the character of the community.
9. To promote development utilizing any other objectives allowed by Chapter 403 of the Code of Iowa.

H. Types Of Renewal Activities

To meet the objectives of this Urban Renewal Plan and to encourage the development of the Area, the County intends to utilize the powers conferred under Chapter 403 and Chapter 15A, Code of Iowa including, but not limited to, tax increment financing. Activities may include:

1. To undertake and carry out urban renewal projects through the execution of contracts and other instruments.
2. To provide for the construction of site-specific improvements, such as grading and site preparation activities, access roads and parking, fencing, utility connections, and related activities.
3. To arrange for, or cause to be provided, the construction or repair of public infrastructure in support of residential development, including, but not limited to, streets and sidewalks, traffic lights, water mains, sanitary sewers, storm sewers, public utilities, or other facilities in connection with urban renewal projects.
4. To make loans, forgivable loans, or other types of grants or incentives to private persons, organizations, or businesses for economic development purposes or residential projects, on such terms as may be determined by the Board of Supervisors.

5. To use tax increment financing to facilitate urban renewal projects, including, but not limited to, financing to achieve a more marketable and competitive land offering price and to provide for necessary physical improvements and infrastructure.

6. To use tax increment for LMI housing assistance.

7. To borrow money and to provide security therefor.

8. To acquire and dispose of property.

9. To make or have made surveys and plans necessary for the implementation of the Urban Renewal Plan or specific urban renewal projects.

10. To use any or all other powers granted by the Urban Renewal Act to develop and provide for improved economic conditions for Marion County and the State of Iowa.

Nothing herein shall be construed as a limitation on the power of the County to exercise any lawful power granted to the County under Chapter 15, Chapter 15A, Chapter 403, Chapter 427B, or any other provision of the Code of Iowa in furtherance of the objectives of this Urban Renewal Plan.

I. Eligible Urban Renewal Projects

Although certain project activities may occur over a period of years, the eligible urban renewal projects under this Urban Renewal Plan include:

1. Development Agreement to Support Infrastructure Improvements in Residential Development:

The County expects to consider a development agreement with a residential developer (the “developer”) to construct approximately 91 single-family housing units and 45 condo/townhome housing units within the Urban Renewal Area. Construction of the housing units is anticipated to be completed over a number of years, with all housing units anticipated to be complete and fully assessed by January 1, 2030. In order to accomplish the project, the Developer needs complete infrastructure improvements to prepare the property for development, and intends to dedicate such improvements to the City of Pella upon completion. Construction of the infrastructure improvements is anticipated to be completed in 2020-2021. The anticipated costs of the infrastructure improvements are approximately \$4,300,000-\$4,700,000. The development agreement would provide detailed terms and conditions under which the City would accept the infrastructure improvements. Marion County is anticipated to be a party to the development agreement and is anticipated to finance the cost of the infrastructure improvements/grants and receive tax increment from the City over-time to help cover the cost of the financing and any related LMI obligation. The total amount of tax increment to be used for the development agreement and project is not to exceed the lesser of \$4,700,000 or the cost of the infrastructure improvements, plus an LMI set aside amount estimated at up to \$1,728,190.

2. Planning, Engineering Fees (for Urban Renewal Plans), Attorney Fees, Administrative, and Other Related Costs to Support Urban Renewal Projects and Planning:

Project	Estimated Date	Estimated Cost to be funded by TIF Funds
---------	----------------	--

Fees and Costs	Undetermined	Not to Exceed \$100,000 _____
----------------	--------------	-------------------------------

J. Financial Information

1. July 1, 2019, Constitutional Debt Limit \$ 129,020,072

2. Current Outstanding General Obligation Debt \$ 1,700,000

3. Proposed amount of indebtedness to be incurred: A specific amount of debt to be incurred for the Eligible Urban Renewal Projects has not yet been determined. This document is for planning purposes only. The estimated project costs in this Plan are estimates only and will be incurred and spent over a number of years. In no event will the County’s constitutional debt limit be exceeded. The Board of Supervisors will consider each project proposal on a case-by-case basis to determine if it is in the County’s best interest to participate before approving an urban renewal project or expense. It is further expected that such indebtedness, including interest on the same, may be financed in whole or in part with tax increment revenues from the Urban Renewal Area. Subject to the foregoing, it

is estimated that the cost of the Eligible Urban Renewal Projects as described above to be funded by TIF Funds will be approximately as stated in the next column: \$6,528,190

This does not include financing costs related to debt issuance, which may be incurred over the life of the Area.

K. Urban Renewal Financing

The County may utilize various financing tools such as those described below to successfully undertake the proposed urban renewal actions. The County has the statutory authority to use a variety of tools to finance physical improvements within the Area. These include:

A. Tax Increment Financing.

Under Section 403.19 of the Code of Iowa, urban renewal areas may utilize the tax increment financing mechanism to finance the costs of public improvements, economic development incentives, or other urban renewal projects. Upon creation of a tax increment district within the Area, by ordinance, the assessment base is frozen and the amount of tax revenue available from taxes paid on the difference between the frozen base and the increased value, if any, is segregated into a separate fund for the use by the County to pay costs of the eligible urban renewal projects. Certain increased taxes generated by any new development, above the base value, are distributed to the taxing entities, if not requested by the County, and in any event upon the expiration of the tax increment district.

B. General Obligation Bonds.

Under Division III of Chapter 384 and Chapter 403 of the Code of Iowa, the County has the authority to issue and sell general obligation bonds for specified essential and general corporate purposes, including the acquisition and construction of certain public improvements within the Area and for other urban renewal projects or incentives for development consistent with this Plan. Such bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the County. It may be, the County will elect to abate some or all of the debt service on these bonds with incremental taxes from this Area.

The County may also determine to use tax increment financing to provide incentives such as cash grants, loans, tax rebates, or other incentives to developers or private entities in connection with the urban renewal projects identified in this Plan. In addition, the County may determine to issue general obligation bonds, tax increment revenue bonds or such other obligations, or loan agreements for the purpose of making loans or grants of public funds to private businesses located in the Area for urban renewal projects. Alternatively, the County may determine to use available funds for making such loans or grants or other incentives related to urban renewal projects. In any event, the County may determine to use tax increment financing to reimburse the County for any obligations or advances.

Nothing herein shall be construed as a limitation on the power of the County to exercise any lawful power granted to the County under Chapter 15, Chapter 15A, Chapter 403, Chapter 427B, or any other provision of the Code of Iowa in furtherance of the objectives of this Urban Renewal Plan.

L. Property Acquisition/Disposition

The County will follow any applicable requirements for the acquisition and disposition of property within the Urban Renewal Area.

M. Relocation

The County does not expect there to be any relocation required of residents or businesses as part of the eligible urban renewal projects; however, if any relocation is necessary, the County will follow all applicable relocation requirements.

N. State And Local Requirements

All provisions necessary to conform to State and local laws will be complied with by the County in implementing this Urban Renewal Plan and its supporting documents.

O. Severability

In the event one or more provisions contained in the Urban Renewal Plan shall be held for any reason to be invalid, illegal, unauthorized, or unenforceable in any respect, such invalidity, illegality, un-authorization, or unenforceability shall not affect any other provision of this Urban Renewal Plan, and this Urban Renewal Plan shall be construed and implemented as if such provisions had never been contained herein.

P. Urban Renewal Plan Amendments

This Urban Renewal Plan may be amended from time to time for a number of reasons including, but not limited to, adding or deleting land, adding or amending urban renewal projects, or modifying objectives or types of renewal activities.

The Board of Supervisors may amend this Plan in accordance with applicable State law.

Q. Effective Period

This Urban Renewal Plan will become effective upon its adoption by the Board of Supervisors and shall remain in effect until terminated by the Board of Supervisors.

The County does not anticipate placing a tax increment ordinance on this Urban Renewal Area, but if it does so, at all times, the use of tax increment financing revenues (including the amount of loans, advances, indebtedness, or bonds which qualify for payment from the division of revenue provided in Section 403.19 of the Code of Iowa) by the County for activities carried out under the Urban Renewal Area shall be limited as deemed appropriate by the Board of Supervisors and consistent with all applicable provisions of law.

R. Joint County/City Agreement

As the Prairie Ridge Urban Renewal Area is within the city limits of the city of Pella, the County has sought a joint agreement with Pella pursuant to section 403.17 of the Code of Iowa. That agreement authorizes the County to carry out project activities within the Urban Renewal Area. A copy of the agreement is attached as Exhibit D. The original is on file with the County Auditor.

S. Agreement To Include Agricultural Land

Agricultural land owners have entered or will enter into agreements in which they agree to allow the County to include their real property defined as "Agricultural Land" in the Urban Renewal Area in accordance with Iowa Code Section 403.17(3). A copy of the signed agreement of each agricultural land owner within the Urban Renewal Area is attached or will be attached as Exhibit C.
